## I. INTRODUCTION

### **Season of the Rally Sprint will be continued in Kurtuvėnai District**

On the 16<sup>th</sup> of July, Kurtuvėnai district near Šiauliai shall host the 4<sup>th</sup> event of Lithuanian Rally Sprint Championship and Latvian Rally Sprint Championship. It will be organized by the sport club “Rally 4 Fun”. This is the first event of such a level will be organized by this team of rally enthusiasts, well distinguished in the national rally sprint championship – “Rally 4 Fun” are among winners in team standings in each event and separate crews of this team often gets awards in the individual classes. During the race of July 16<sup>th</sup> the crews will overcome 8 special stages through gravel with a total length of over 50 km. Participants and spectators during the rally sprint will save fuel for transfers between stages – the total distance of race – approximately 120 km.

Organizers admits that special stages of the upcoming race are not expected to be well known to participants. Some stages were used for rising in 1988 – 1989 for the last time; some part of stages were included into the “Saulė” Rally Maps in 2010. This will ensure equal possibilities for both – Lithuanian and Latvian participants, because all sportsmen will be offered possibilities of getting acquainted with the track Saturday morning with the race starting at 2:00 PM.

Two stages will be expected to be passed twice, other two – at once and part of the 6<sup>th</sup> and the 8<sup>th</sup> trails will be repeated though will not be identical. According to organizers, stages are expected to be difficult, technical and the average speed in this race will not to be very high.

Rally has been becoming more and more popular in neighbouring countries, therefore it is expected to gather over 60 vehicles in Kurtuvėnai district. Rally sprint is valued by the best national rally masters as a good training before some serious starts; they eagerly participated in the 2<sup>nd</sup> stage race of the national championship. On the other hand, results of the last races indicate that the speed of teams participating in the rally sprint is almost equal to the well-known stars, therefore the lack of emotions for spectators is not expected. Observation of the race in Kurtuvėnai district is free of charge. Moreover, sportsmen and spectators will be amused by Sigutė Vaičiulytė and a band “Jonis” after the race in Kurtuvėnai. This event will be decorated with the demonstration race of association “Racing Ladies” named “For safe traffic”.

After two events of Lithuanian Rally Sprint Championship (“sprinters” in January, before the warm weather, participated in one event in Latvia, Aluksne town) SG-1 class is led by the crew of the Latvian Tomas Zeleznev, SG-2 class observes the persistent race between Mindaugas Kaminskas and Algirdas Kazlauskas – they are separated by 1 point. Race in SG-3 class was won and led by Eugenijus Andrulis and Aidas Liorentas, while in SG-4 – Tautvydas Narušis. Crew of Ramūnas Myniotas has the greatest amount of points in 2WD class, and the Latvian Vigo Rubenis leads AWD.

6 events are intended in the Lithuanian Rally Sprint Championship calendar for 2016, but the race, planned to take place in Alytus in the middle of June has been cancelled. Therefore after the race of July 16<sup>th</sup> in Kurtuvėnai district the sportsmen will have two possibilities change something within the seasonal standing – 5<sup>th</sup> event is planned to take place in Latvia, Gulbene town at the beginning of August while the last points in the championship will be marked on August 28<sup>th</sup> in Mažeikiai district.
